BBA–501

B. B. A. (FIFTH SEMESTER)
MID SEMESTER EXAMINATION, 2019

CUSTOMER RELATIONSHIP MANAGEMENT

Time :1 : 30 Hours

Maximum Marks 50

Note : (i) All questions are compulsory.

(ii) Answer any *two* sub questions among (a), (b) and (c) in each main ration.

(iii) Total marks for each main question are ten.

1. Attempt any *two* parts of choice from (a), (b) and (c). **(2x 5=10 Marks)**

(a) What is CRM and why is it important for modern business organizations ?

(b) How is CRM different from traditional marketing in managerial applications ?

(c) Briefly explain the levels of CRM with clear difference between various levels.

2. Attempt any *two* parts of choice from (a), (b)' and (c). (2 x 5=10 Marks)

(a) Explain the Cog wheel process exemplifying the role of the different factors.

(b) mer Oriented approach what is the difference between Older view and the Modern view ?

(c) What is Strategic Orientation of CRM ? What are the core drivers in strategic approach ?

3. Attempt any *two* parts of choice froth (a), (b) and (c). (2×5=10 Marks)

(a) What is a brand and what are the various branding strategies ?

(b) What is the difference between Brand Awareness, Equity and Loyalty ?

(c) What is the strategic importance of Brand Loyalty ?

4. Attempt any *two* parts of choice from (a), (b) and (c). (2 x 5=10 Marks)

(a) Illustrate the Customer Life Cycle ? Exemplify at every stage.

(b) Explain the various Customer Segmentation and Retention Strategies.

(c) What is Customer Extension and why is it important for business ?

5. Attempt any *two* parts of choice from (a), (b) and (c). (2x5=10 Marks)

(a) What is the difference between cross selling and up selling ?

(b) Why are customer, referrals important for an organization ?

(c) It is believed it is better to sustain existing as compared with making new, educate.

Roll No. .....

BBA–502

B. B. A. (FIFTH SEMESTER)
MID SEMESTER EXAMINATION, 2019
QUANTITATIVE TECHNIQUES FOR MANAGEMENT

Time :1 : 30 Hours

Maximum Marks : 50

Note : (i) All questions are compulsory.

(ii) Answer any *two* subquestions among (a), (b) and (c) in each main question.

(iii) Total marks for each main question are ten.

1. Attempt any *two* parts of choice from (a), (b) and (c). (2×5=10 Marks)

(a). "Operations Research is a systematic approach. It provides a quantitative analysis for decision-making." Explain this statement.

(b) ABC Ltd. manufactures two chemicals A and B which are sold to manufactures of soaps and detergents. On the basis of the

next month's demand, the management has decided that the total production for chemicals A and B should be at least 350 kilograms. Additionally there is a pending production order for 125 kilograms of chemical A that must be, supplied in this month. Product A requires 2 hours of processing time per kg and product B requires one hour per kg. For the coming month, 600 hours of processing time are available. The production costs are 20 per kg and ₹ 30 per kg for product A and B respectively. Formulate the linear programming problem such as to minimize the product cost.

(c) Solve the above LPP by Graphical method or by Simplex method and to decide how many kilograms of chemical A and chemical B should ABC Ltd. produce ? What will be the cost of production ?

2. Attempt any *two* parts of choice from (a), (b) and (c). (2×5=10 Marks)

(a) "Every linear programming problem has a mirror image in the form of another linear programming problem, called its dual." Do you agree ? What is the significance of the duality theory in linear programming ?

(b) For the following LPP, write the dual :

Objective Function :

Minimize :

$$z = 60x + 96y$$

Subject to :

$$2x + 4y \quad 40$$

$$3x+3y \quad 2 \quad 35$$

$$x, y? \quad O.$$

(c) Solve the linear programming problem in part (b) above for minimization or maximization and obtain the value of the decision variables.

3. Attempt any *two* parts of choice from (a), (b) and (c). (2x5=10 Marks)

(a) What is a Linear Programming Problem ? Discuss the scope and role of linear programming in solving management problems.

(b) Consider the production planning of ABC Manufacturing Company which makes items X and Y. The steel requirement for X is 400 gm per piece and that for Y is 350 gm per piece. Both X and Y are first machined on machine A for 85 and 50 minutes respectively and then on machine B for 55 and 30 minutes respectively. The resource availability is 480 hours on

machine A, 720 hours on machine B and 250' kgs of steel. Unit •contribution of profits for X and Y is 40 and 30 respectively.

Formulate this as a linear programming problem.

(c) Solve the LPP formulated in part (b) above by Simplex method or graphically. If it were stipulated that the company cannot sell more units of X than of Y,, how would it affect the formulation of LPP ?

4. Attempt any *two* parts of choice from (a), (b) and (c). (2x5=10 Marks)

(a) Describe the Transportation problem and give its Mathematical model. How can this method be applied to a Transportation problem where the objective function is to be maximized ?

(b) Consider the following data for the Transportation problem :

Factory	D1	D2	D3	Supply
	Destination			
A	8	4	10	10
B	9	7	9	80
C	6	5	8	15
Demand	75	20	50	

Obtain an initial allocation using least cost method or Vogel's approximation method. How much of the demand is left unsatisfied ?

(c) Use the MODI method and find the optimum Solution for the problem in part (b).

5 Attempt any *two* parts of choice from (a), (b) and (c). (2 x 5=10 Marks)

(a) Discuss- the various methods of fmding initial feasible solution of a ,Transportation problem and state the advantages, disadvantages and two areas of application for then

(b) The table below has beat taker' from the solution procedure of a Transportation problem, involving minimization of costs in rupees :

Factories	Stockists			Monthly Capacity (in units)
		Y	Z	
A	4	8	8	56
	16	24	16	82
C		16	24	77
Monthly Demand (in units)	72	102.	41	

Initial allocations are as follows :

From (Factory)	To (Stockist)	Number of Units
B		31
	[illegible]	25
	X	41
	Z	41
	Y	77

Show that this elution is not optimal.

(c) Find the optimal solution of the problem in part (b) above. Does this problem have multiple solutions ?

B. B. A. (FIFTH SEMESTER)
MID SEMESTER EXAMINATION, 2019

INTERNATIONAL TRADE POLICIES AND STRATEGIES

Time : 1 : 30 Hours

Maximum Marks : 50

Note : (i) All questions are compulsory.

(ii) Answer any *two* sub questions among (a), (b) and (c) in each main question.

(iii) Total marks for each main question are **ten.**

1. Attempt any *two* parts of choice from (a), (b) and (c). (2x5=10 Marks)

   (a) Explain BREXIT.

   (b) Explain trade war in current world order context.

   (c) Explain, why countries trade and the gains from trade ?

2. Attempt any *two* parts of choice from (a), (b) and (c). (2x5=10 Marks)

   (a) What is currency devaluation ?

   (b) Comment on trade politics.

   (c) Explain Globalisation.

3. Attempt any *two* parts of choice from (a), (b) and (c). (2x5=10 Marks)

   (a) Explain GATT.

   (b) Explain WTO.

   (c) Explain Purchase Power Parity.

4. Attempt any *two* parts of choice from (a), (b) and (c). (2x5=10 Marks)

   (a) Explain trade dynamics of SAARC.

   (b) Explain trade policy instrument and their impact.

   (c) Explain trends in Global Trade.

5. Attempt any *two* parts of choice from (a), (b) and (c). (2x5=10 Marks)

   (a) What is the basis of international trade.

   (b) Explain distributional issues.

   (c) Explain changes occurring in India after GATT.

Roll No. .....

BBA–504(M)

B. B. A. (FIFTH SEMESTER)
MID SEMESTER EXAMINATION, 2019

PERSONAL SELLING AND SALES FORCE MANAGEMENT

Time : 1 : 30 Hours

Maximum Marks : 50

Note :(i) All questions are compulsory.

(ii) Answer any *two* sub questions among (a), (b) and (c) in each main question.

(iii) Total marks for each main question are ten.

Attempt any *two* parts of choice from (a), (b) and (c). (2x5=10 Marks)

(a) In the present scenario, there is an increasing discussion on "critical role of a sales force". Elaborate.

(b) What are some of the important issues in strategic sales management ?

(c) How changes in technology help salespersons to perform various activities efficiently and in cost effective manner

2. Attempt any *two* parts of choice from (a), (b) and (c). (2×5=10 Marks)

(a) What are the major objectives of conducting training for sales force?

(b) Suggest and explain :suitable training program for engineering graduates who would be taking up independent selling tasks for industrial products.

(c) In what manner, the approach step is different, than the pre-approach step ? Describe briefly the approach technique used by salespeople.

3. Attempt any *two* parts of choice from (a), (b) and (c). (2x 5=10 Marks)

(a) What is prospecting ? What are the methods of identifying sales lead ?

(b) What is cold canvassing ? Why many companies are not supporting cold canvassing ?

(c) What is social selling ? Is it same as social media marketing ?

4. Attempt any *two* parts of choice from (a), (b) and (c). (2x 5=10 Marks)

(a) Explain "AIDAS" and "Right Set of Circumstances" theories.

(b) Explain 'Buying Formula" and Behavioural Equation" theories.

(c) Explain Canned approach with suitable example.

5. Attempt any two parts of choice from (a), (b) and (c). (2x5=40 Marks)

(a) If you are selling mutual funds, what prospect information would you like to obtain prior to making a sales presentation?

(b) Why is it necessary to establish sales territories that are approximately equal in sales potential ?

(c) What general factors should be taken into account when recruiting saleperson ?

MID SEMESTER EXAMINATION, 2019

HRD–SYSTEM AND STRATEGY

Time : 1 : 30 Hours

Maximum Marks : 50

Note :(i) All questions are compulsory.

(ii) Answer any *two* sub questions among (a), (b) and (c) in each main question.

(iii)Total marks for each main question are **ten.**

1. Attempt any *two* parts of choice from (a), (b) and (c). (2 x 5=10 Marks)

(a) Define the term "Human Resource Development". Enlist the need of HRD in an organization.

(b) Enlist the competencies of HRD professionals.

(c) Differentiate between HRM and HRD.

2. Attempt any *two* parts of choice from (a), (b) and (c). (2 x 5=10 Marks)

(a) Write short notes on the following :

(i) Training

(ii) Education

(b) What are the challenges faced by Human Resource Development ?

(c) What key factors should be kept in mind while developing HRD program ?

3. Attempt any *two* parts of choice from (a), (b) and (c). (2 x 5=10 Marks)

(a) What is the purpose of HRD evaluation ? Explain the parameters of HRD evaluation.

(b) What are the different functions of HRD ? Explain.

(c) Explain the term "Integrated KM System."

4. Attempt any *two* parts of choice from (a), (b) and (c). (2x5=10 Marks)

(a) How would you design HRD strategy ? What are the different types of HRD strategy ?

(b) Differentiate between On the job training and Of the job training

(c) Write a short note on origin of HRD.

5. Attempt any *two* parts of choice from (a), (b) and (c). (2 x 5=10 Marks)

(a) Explain three approaches to Human Resource Development.

(b) How can HRD improve performance of an organization ?

(c) What are the components of HRD system ?

MID SEMESTER EXAMINATION, 2019

INVESTMENT ANALYSIS AND PORTFOLIO MANAGEMENT

Time : 1 : 30 Hours

Maximum Marks : 50

Note :(i) All questions are compulsory.

(ii) Answer any *two* sub questions among (a), (b) and (c) in each main question.

(iii)Total marks for each main question are **ten.**

1. Attempt any *two* parts of choice from (a), (b) and (c). **(2 x 5=10 Marks)**

(a) What do you understand by the term `Security Analysis' ?

(b) The return on two securities X Ltd. and Y Ltd. are as follows :

Return on Security X	Return on Security Y	Probability'
14	12	0.4
6	4	0.4
0	6	0.2

Select securities on the basis of Risk and Return.

(c) Discuss the significance of modes of investments in portfolio management.

2. Attempt any *two* parts of choice from (a), (b) and (c). (2x5=10 Marks)

(a) Discuss the structure of Financial Market.

(b) Why valuation of securities is important for calculating actual return in managing portfolios ? Justify with suitable examples.

(c) Discuss the effect of changes in capital market and its implications on Investment decisions.

3. Attempt any *two* parts of choice from (a), (b) and (c). (2x5=10 Marks)-

(a) Discuss relevance of risk in portfolio management with suitable examples.

(b) Default risk is higher in case of Fixed Income Securities. Justify.

(c) Explain the relevance of calculating Standard Deviation.

4. Attempt any *two* parts of choice from (a), (b) and (c). (2x5=10 Marks)

(a) Describe the role of Money Market in raising funds for companies.

(b) Beta Coefficient is measure of Market Risk. Justify with suitable examples.

(c) Explain the technical indicators used by the Portfolio Manager in the quantitative evaluation for judging the corporate excellence in terms of making an investment in various companies for the purpose of investment.

5. Construct a portfolio of two investments R Ltd. and S Ltd. Calculate the risk returns. (2x 10 Marks)

Which portfolio is best out of given portfolios on the basis of the following information ?

Particulars	R Ltd.	S Ltd.
Expected Returns	14%	16%
Standard Deviation	5%	6%

Coefficient of correlation is —1. Calculate Portfolio Return when :

(a) 50% of funds are in R and 50% in S.

(b) 75% in R and rest in S.

(c) All funds in S Ltd.

CONSUMER BEHAVIOUR

Time : 1 : 30 Hours

Maximum Marks : 50

Note :(i) **All questions are compulsory.**

(ii) Answer any *two* sub questions among (a), (b) and (c) in each main question.

(iii) Total marks for each main question are ten.

1. **Attempt any *two* parts of choice from (a), (b) and (c).** **(2x5=10 Marks)**

   (a) How the study of consumer behavior helps arriving at strategic marketing decisions ?

   (b) Discuss the relevance of studying Consumer Behavior as a subject

   (c) Discuss the types of Consumer Behavior seen in Indian markets.

2. Attempt any *two* parts of choice from (a), (b) and (c). (2x5=10 Marks)

   (a) Differentiate between individual buying and Organisational buying behavior.

   (b) How marketing mix factor can affect consumer decision making ?

   (c) How Social and Cultural factors have a great impact on the buying and consumption pattern of customers ? Explain.

3. Attempt any *two* parts of choice from (a), (b) and (c). (2x5=10 Marks)

   (a) Explain Marketing Research and Market Research.

   (b) Differentiate between need, want and desire with the help of example.

   (c) "Consumer perception is the base for decision making." Discuss.

4. Attempt any *two* parts of choice from (a), (b) and (c). (2 x 5=10 Marks)

   (a) What is self concept and how can a marketer use it as a tool to market products ?

   (b) Explain the concept of Personality and its significance for a marketer.

   (c) What is learning ? What factors affect the strength of learning ?

5. Attempt any *two* parts of choice from (a), (b) and (c). (2X5=10 Marks)

   (a) What do you mean by purchase involvement and how does it differ from product involvement ?

   (b) What is attitude ?-Discuss tri component model of attitude.

   (c) What impact do non-verbal components of advertisements have on attitudes ?

TRAINING AND DEVELOPMENT

Time : 1 : 30 Hours

Maximum Marks : 50

Note : (i) All questions are compulsory.

(ii) Answer any *two* subquestions among (a), (b) and (c) in each main question.

(iii) Total marks for each main question are **ten.**

1. Attempt any *two* parts of choice from (a), (b) and (c). (2x5=10 Marks)

   (a) Explain business significance of T&D for any organization.

   (b) What all methods will you deploy for conducting Organizational level training needs assessment ?

   (c) Discuss, what is Spiral model in training ?

2. Attempt any *two* parts of choice from (a), (b) and (c). (2x5=10 Marks)

   (a) Bring out the problems and pitfalls for training in an organization.

   (b) What wise steps will you take to ensure the selling of objectives is done well before the actual training ?

   (c) Contrast between Training and Development. How they are different ?

3. Attempt any *two* parts of choice from (a), (b) and (c). (2x5=10 Marks)

   (a) Broadly explain the *four* major steps involved to make training effective.

   (b) As a trainer what key consideration will be there in your mind to design a effective training.

   (c) Discuss the role of the various stakeholders in the Training department.

4. Attempt any *two* parts of choice from (a), (b) and (c). (2 x 5=10 Marks)

   (a) What are the different approaches to TNA ?

   (b) Discuss if there is a relation between vision, plans and training in organization.

   (c) Merits and de-merits of e-Learning.

5. Attempt any *two* parts of choice from (a), (b) and (c). (2 x 5=10 Marks)

   (a) Explain, why sensitivity trainings are important for employees ?

   (b) As a manager why and how will you coach your subordinate.

   (c) Briefly discuss, what is Vestibule and Simulation methods used in training.

INVESTMENT BANKING AND FINANCIAL SERVICES

Time : 1 : 30 Hours

Maximum Marks : 50

Note : (i) All questions are compulsory.

(ii) Answer any *two* subquestions among (a), (b) and (c) in each main question.

(iii) Total marks for each main question are **ten.**

1. Attempt any *two* parts of choice from (a), (b) and (c). (2x5=10 Marks)

(a) What do you understand by financial systems ? What are its functions ?

(b) What are the various types of financial institutions ? What type of financial services are provided by these institutions ?

(c) Explain the nature of financial markets.

2. Attempt any *two* parts of choice from (a), (b) and (c). (2x5=10 Marks)

   (a) What are the types of financial markets ?

   (b) Discuss the SEBI guidelines for Merchant Bankers.

   (c) What are the roles and responsibilities of lead managers ?

3. Attempt any *two* parts of choice from (a), (b) and (c). (2x5=10 Marks)

   (a) What are the guidelines for issue of shares ?

   (b) State the salient features that should be covered by offer document.

   (c) What is a bonus share ? State the guidelines for their issue.

4. Attempt any *two* parts of choice from (a), (b) and (c). (2 x 5=10 Marks)

   (a) Book building is an alternative method of pricing that portion of the issue which is reserved for institutional and corporate investors. Comment.

   (b) What are the advantages of book building ?

   (c) What is private placement of shares ?

5. Attempt any *two* parts of choice from (a), (b) and (c). (2x5=10 Marks)

   (a) Define a stock broker and state his duty to investor, other stockbrokers and stock exchange.

   (b) What is underwriting ? Who can undertake underwriting ?

   (c) In case of oversubscription of public issues, how is allotment made ?
