Mid Semester Examination 2025

Name of the Program: M.Tech .(Geo-Informatics/Structural Engineering) *Semester: III*
Name of the Course: Cost Management of Engineering Projects *Course Code:* OCE 351

Time: 1-1/2 Hour Maximum Marks: 50

Note:

(i) Answer **all the questions** by choosing ***any one of the sub questions***.
(ii) Each question carries 10 marks

Q1 (10 marks)

(a) Explain Objectives of Cost Accounting and Cost concepts in decision-making?

OR **CO1**

(b) Describe the role of relevant cost and differential cost in cost management of engineering projects?

Q2 (10 marks)

(a) "Incremental cost is the total cost incurred due to an additional unit of product being produced" explain the statement with example?

OR **C01**

(b) Explain Cost control and cost reduction?

Q3 (10 marks)

(a) "A project execution plan, sometimes referred to as a 'project management plan explain and justify the statement? **CO2**

OR

(b) Explain the project commissioning and describe needs and importance of commissioning?

Q4 (10 marks)

(a) "Project execution is the phase in which the plan designed in the prior phases of the project life cycle is put into action" explain the statement importance of project execution in cost management? **CO2**

OR

(b) Explain Technical and Non-technical approach needed for project management?

Q5 (10 marks)

(a) "Pre-project planning improves project predictability in terms of cost, schedule, and operating performance" explain and justify the statement?

OR **CO2**

(b) Explain bar-chart and network diagram and its importance?
